About Us

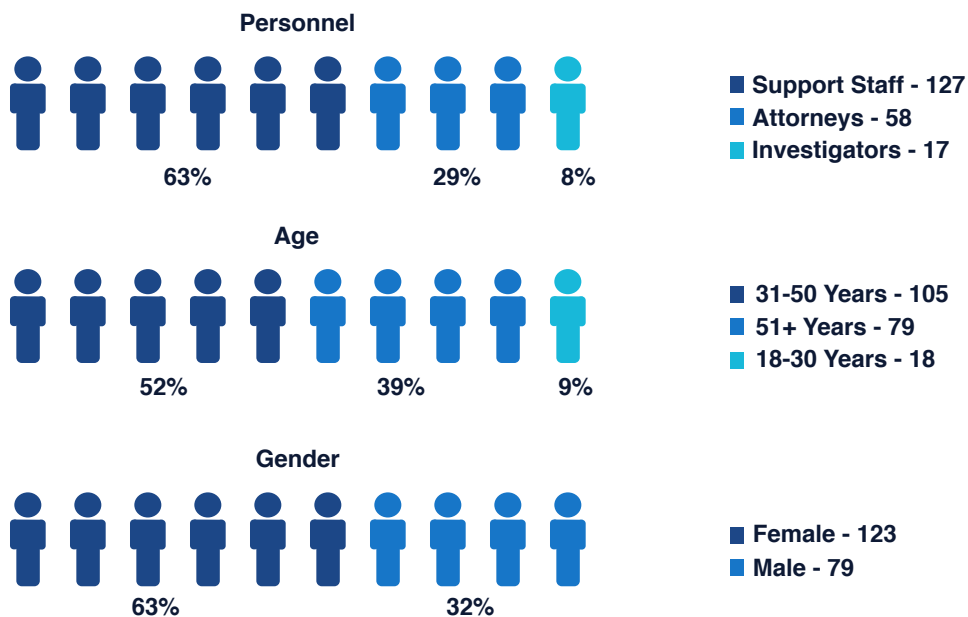

The Office of the Attorney General of Guam represents the Government of Guam, and in criminal matters, represents the collective People of Guam. There are eight divisions: Administration, Child Support, Consumer Protection, Family, General Counsel, Litigation, Prosecution and Solicitor. Together, they work to ensure the mission of the Office is upheld. Individually, each division functions and works to guarantee that their clients are afforded due process and legal representation.

Attorney General Leevin Taitano Camacho took helm of the Office on January 07, 2019, succeeding AG Elizabeth Barrett-Anderson.

Performance Highlight

HERO- Healing, Empowering, Rehabilitating, Overcoming

The HERO Program aims to rehabilitate first time youth offenders and has seen great success since its implementation in 2016.

Each division serves the People of Guam in various ways. Here is a summary of our work output over the last four years and the trend changes in each category.

Special Revenue Funds include revenue from court fees, attorney fees, notary fees, AG Clearances and fines from violent criminal cases to compensate victims. The fluctuation in this category is a result of a lump sum of federal grant awards for the Criminal Injuries Compensation Program in 2016.

Federal funds have been in an upward trend over the last four years and aligns with the key outcomes of the 2015 OAG strategic

VOCA

The Office

manages the Victims of Crime Act (VOCA) federal grant. It sub-grants this funding to organizations who provide direct services to the community. Funding from FY2017 was sub-granted to five organizations in FY2018. Of note, \$1.9M was awarded in FY2018 but has yet to sub-granted. The OAG has until September 2021 to expend those funds.

VOCA Sub-Grantees

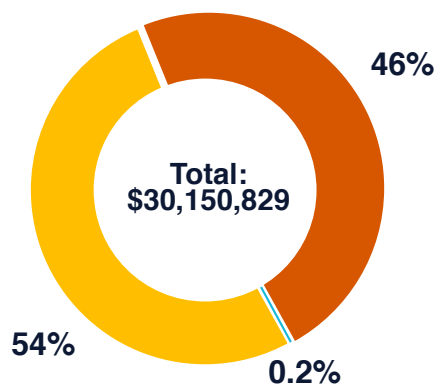

• Erica's House, Incorporated	\$11,066,628	• Victim Advocates Reaching Out	\$1,126,236
• Guam Legal Services Corporation	\$30,052	• Victim Service Center	\$353,896
• Sanctuary, Incorporated of Guam	\$573,507		

The OAG received \$31,187,269 for Fiscal Year 2018.

The OAG reduced its budget by \$1.4M mid-way through the fiscal year because of the federal Tax Cut and Jobs Act of 2017. In late February, the budget reduction was diverted back into the General Fund via Department of Administration. The difference in revenues and expenditures reflects this reduction.

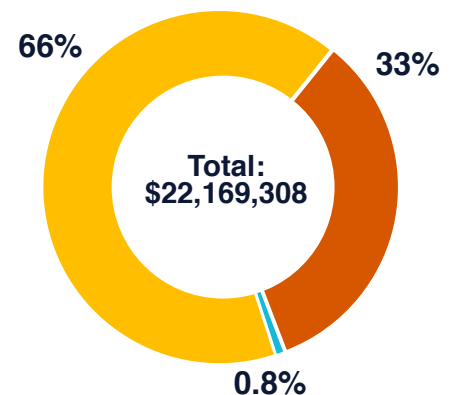

The OAG was conservative in its spending due to the reduction of \$1.4 Million for the fiscal year. Fiscal Year 2019 will see the full impact of the budget cuts associated with the 2017 Act.

Priorities

- **Public Safety** – The OAG’s job when representing the People of Guam in criminal matters is to seek justice. The OAG understands that the drug epidemic is the biggest public safety issue facing Guam and will explore ways to combat this problem. The OAG will also commit resources to ensure that violent offenders are held accountable for their crimes.
- **Child Support** – The OAG is taking steps to improve ensuring that child support gets to the families who depend on that money. This includes addressing the undistributed support payments that have posed a challenge to the Child Support Enforcement Division for over a decade. The OAG is dedicating resources to identify the source of funds, locate families and reissue child support payments.
- **Rule of Law** – The OAG is entrusted with guiding the Government of Guam to make sure that it remains on the right side of the law. The OAG will continue to look at increasing its training opportunities and materials for Government boards and commissions covering topics such as Open Government, FOIA and procurement.

Fun Fact

The Office of the Attorney General occupies four floors in the ITC building.

Challenges

- The OAG will move forward with its priorities as it aligns its budget with the full impact of the Federal Tax Cut and Jobs Act of 2017. The OAG is looking at ways that it can save money, such as exploring the consolidation of certain services, reducing its footprint, and identifying other areas where efficiency and or the use of technology could result in financial savings.
- The OAG recognizes the need to be transparent about how it serves the Government of Guam and the island. This creates an opportunity for community outreach, awareness campaigns and social media presence to highlight the work that the OAG is doing and identify ways to improve on those services. The OAG hopes that an increase in the use of technology will improve community access and information. An updated website and social media presence will be part of the OAG public portfolio.
